President Considering Sending Ultimatum to Mexican Dictator

ACTION WILL BE BACKED BY FOREIGN POWERS

Huerta Delighted to Let Diaz Go—Warships Depart Today for Mexican Waters.

WASHINGTON, Oct. 29.—Government officials are beginning to hope that Diaz might from Vera Cruz will not precipitate a crisis. Huerta is apparently well satisfied to have him out of the country. At this spirit continues the incident may pass without further trouble. It is known that the state department has decided to turn down any demand for his return to Vera Cruz.

Mexican authorities at Vera Cruz and Mexico City still insist that Diaz was not in danger when he sought American protection. They say no warrant had been issued for his arrest.

General satisfaction is expressed that foreign powers are willing to hold off action until the American policy has full application.

PRESIDENT WORKING PROBLEM OUT ALONE IN HIS STUDY

President Wilson shut himself in his study today to work out the Mexican problem. He will prepare an open declaration to the world of America's position and has promised the powers to enunciate a definite policy. He has already made two points clear. He will resist outside interference in Mexico, and that the Mexican problem is essentially the American problem. It is generally believed here that action from foreign nations is awaiting the president's statement and has averted an immediate crisis.

Intervention depends upon the president's plans.

MAY SEND ULTIMATUM TO MEXICAN DICTATOR

WASHINGTON, Oct. 29.—The President is considering sending an ultimatum to Huerta demanding his retirement. In view of communications recently received from England, Germany and France it is believed they would uphold the action. It is said the President believes this the best plan to remove the dictator without force.

BATTLESHIPS SAIL FOR VERA CRUZ

NORFOLK, Va., Oct. 29.—With provisions enough to last five months, the battleships Rhode Island, Nebraska, New Jersey and Virginia left Hampton Roads at 10 o'clock this morning for Vera Cruz.

The battleship Rhode Island is flagship of the squadron, which will be commanded by Rear Admiral Boush. The collier Lebanon arrived yesterday from Philadelphia with a big cargo of ammunition, some of which was transferred to the ships now in the roads and the remainder was unloaded at St. Julian magazine.

Unlike the nine ships which left Hampton Roads for Mediterranean ports last Saturday, now proceeding at eight knots, the four ships which departed this morning will average at least fourteen on the run to Vera Cruz.

RUMORS ANOTHER ELECTION ARE UNCONFIRMED

MEXICO CITY, Oct. 29.—Rumors are current that Huerta will call another presidential election in February, but there is no confirmation. The same source says that Huerta has no intention of surrendering the presidency to Blauquet.

The young man in question declined to give his name or address. After a time he went away. Bystanders said he had obtained his job.

WOULD NOT SELL TO SMALL BUYER SAYS COMPTROLLER

Edmond Fisher at Bankers' Convention Characterizes Sale of Bonds Impractical

CHICAGO, Oct. 29.—The sale of bonds to small investors is characterized as impractical so far as large cities are concerned here today by Edmond Fisher, New York comptroller, speaking at the annual convention of the Investment Bankers' Association.

He admitted that the scheme is ideal in theory but declared it a technical failure wherever tried.

He said: "If the bargain counter method of disposing of bonds should be adopted permanently, it would be necessary for large cities to employ a large force of salesmen and adopt an expensive advertising campaign, which would cost up more than the investment bankers could make." He advocated the European system of offering municipal bonds for sale privately instead of at public sale.

PLAN DEFENDED BY TREASURER MAC DOUGALD

SAN FRANCISCO, Oct. 29.—Treasurer MacDougald of San Francisco defended the sale of bonds to small investors, declaring that Edmond Fisher, speaking at Chicago, either ignorant of his subject or talking for big business. He said everyone on the coast knows San Francisco's sale of bonds to small investors has been successful.

Dynamiters' Attorneys Hold No Such Crime Conspiracy—Big Brief in Case
Government Attorneys Sure Supreme Court Will Uphold Commission Ruling

CHICAGO, Oct. 29.—The nationwide interest in the dynamite conspiracy, climaxing in the destruction of the Los Angeles Times building, was renewed today when thirty of the thirty-three union labor officers, found guilty of transporting dynamite, asked the federal circuit court of appeals to set aside the verdict and give new trials.

The attorneys for the laborites based their appeal on the ground that there is no such crime as conspiracy, with which the men were charged, and that there being no such conspiracy, the defendants could not have been guilty as principals in carrying explosives. They hold that the defendants did not have a fair trial.

District Attorney Charles Miller of Indianapolis, who secured the convictions, has charge of the government's case, the brief of which contains 700 pages.

WAR OF WORDS DEPUTY GOES

Federal District Attorney Schoonover and Deputy Robinson Quarrel Today

LOS ANGELES, Cal., Oct. 29.—A wordy altercation between Federal District Attorney Schoonover and Deputy Dudley Robinson resulted today in Schoonover's telling Robinson to pack his grips and get out. The trouble started over Schoonover's charge that Robinson gathered evidence and launched the prosecution against W. H. Stevens and C. S. McKelvey, attorneys for the Jonquil girls, without his knowledge.

The attorneys are charged with trying to extort money from men mentioned in Bixby's trial. Schoonover's order that Robinson get out followed Robinson's declaration that he would resign, when Schoonover today took the case out of his hands. Robinson's parting shot was that unless he thinks the prosecution properly conducted he will complain to the attorney general regarding Schoonover.

DYNAMITE BOMB IN LOS ANGELES

Infernal Machine Found on Street by Merchants' Police Officer

LOS ANGELES, Oct. 29.—An infernal machine containing a mixture of nitroglycerine and sawdust, with a dynamite cap and fuse attached, was found on the sidewalk between Tenth and Eleventh on Olive street shortly after midnight last night.

Suspicious of a plot were aroused by O. J. Felling, who first found a dynamite cap at Pico and Hill streets. Later he discovered the infernal machine, an oblong box, and reported the matter to the police.

Lieut. Adams ordered the police to bring the infernal machine to Central Station, where it was carefully examined.

Making sure that there was no time-lock arrangement whereby the bomb might be set off during the night, the police locked it in a fire-proof safe, where it was kept until this morning.

It was further examined today and probably will be exploded in the river bed, the bomb, so far as the external appearance is concerned, is not unlike the one sent to Gen. Harrison Gray Otis through the mails a short time since.

Felling, the man who found the dangerous box, is a merchant's police officer.

IF NOT IN COURT THEN CHALLENGES AT POLLS

If Superior Judge Cannot Hear Registration Contests, Drys Will Pass Them Up to Election Boards

Both sides are going to have speakers to lead public meetings. Rev. Brown, the evangelist, who opened the campaign for the dries, is to be on hand for three meetings this week, Friday evening and Saturday afternoon and evening.

The time is exceedingly short, and the dries are not disposed to allow the cases to come to trial if they can help it. They take the ground that many of those whose registrations are attacked are laborers and cannot afford to take a day off and are not deeply enough interested to come to Santa Ana to make an appearance in court on the day of their hearing.

Attorneys Walter Egan and E. E. Keach, representing the dries, are using every effort to get to trial. They have made a motion for an immediate decision upon the demurrer filed in the first of the three cases. That matter came up for argument before Judge West this afternoon.

Attorneys H. C. Head and Roger Burton appearing for forty-one defendants. The plaintiffs' attorneys want to get an immediate ruling on the demurrer and an order that an answer be filed forthwith, so that the court can set the case for trial. This afternoon Judge West sustained the objection to hearing the demurrer, but said he was willing to sign an order for the hearing tomorrow morning at 10 o'clock.

One week from tomorrow Anaheim is going to vote on saloons or no saloons. The campaign is drawing to a close, and there is every indication of a hard fight until the last vote is cast.

HE WILL SHOW YOUNG WOMAN A GOOD PLAN FOUND DEAD

R. R. Commissioner Thorne Says Five Million Can be Saved
Miss Vorndon Found by Room-mate at Mission Apartments Strangled to Death

WASHINGTON, Oct. 29.—That nearly \$500,000,000 annually could be saved to the public by government ownership of the railroads, was demonstrated to the national convention of railroad commissioners by Commissioner Clifford Thorne of Iowa.

Mr. Thorne has worked out a statement of the market value of the railroads with much care. He will show that it is about \$14,000,000,000, about a billion below the par value of the stocks and bonds. He will then consider interest charges on the stocks and bonds, charges which will fall on the public.

From these figures Mr. Thorne arrives at the conclusion that a little less than half a billion of dollars, or \$145,000,000, to be exact, could be saved the public through government ownership. He calculates that the government could get the same capital at much lower rates of interest, and thus save the infliction of an enormous burden on the public.

MONROVIA SATISFIED WITH THEIR GAS SERVICE

MONROVIA, Oct. 29.—In an extensive verbal report to the city council Trustee H. Russell Greaves stated that in his opinion, based upon a thorough and complete investigation, the Southern Counties Gas Company is giving Monrovia the best possible kind of a business deal, and is furnishing the best possible quality of fuel gas at the lowest possible price consistent with the business methods of the company, which is allowed 6 per cent profit on its investments.

Mr. Greaves' report was the result of an investigation started some time ago by the council, who decided that the local gas rate is too high, and requested the gas company to make a reduction. The officials of the company replied to the city fathers' request by an invitation to look over the plant and investigate conditions.

The investigation has been made and the results show that Mr. Greaves is satisfied with the present rate and with the company's efforts toward taking care of the fuel problem in the local field. Mr. Greaves complimented the officials of the company highly for the courteous treatment which they accorded him in his investigations on behalf of the citizens of Monrovia.

The comparison of local rates with those of other cities of California, under same conditions shows that Monrovia has the lowest rate, for the same sized city, of any in the state.

TROOPS HOLD STRIKERS AT BAY

One Thousand State Troops at Trinidad, Colorado, Disarming Men

RESERVES ARE HELD FOR EXPECTED RUSH

One Mine Guard Killed—Other Missing, Officer Fatally Hurt, Children Injured

TRINIDAD, Colo., Oct. 29.—The Southern Colorado strike district is occupied by more than one thousand state troops today. The soldiers are disarming strike sympathizers as rapidly as possible. Reserves are held in readiness for a rush on various camps where trouble still threatens. The soldiers brought tents and provisions for a two weeks' stay. It was quiet at daybreak throughout the mine section.

It is now known that Angus Alexander, a mine guard, was killed and another guard is missing. Two strikers were fatally injured, and a county officer and two children were injured less seriously during yesterday's fighting.

RENEWAL OF FIGHT DEPENDS ON GENERAL

LUDLOW, Colo., Oct. 29.—All depended today on Gen. Chase whether war would be continued in the coal fields. The general is commanding the troops in the strike district and he has ordered the strikers disarmed. If he also orders the mine guards disarmed it seems certain that there will be no further trouble. If he permits them to retain their arms the strikers will re-arm and the disorder will continue. General Chase is expected here hourly from Trinidad after disposing the troops throughout the section.

PROHIBITION IS WANTED BY W. C. T. U.

National Convention in New Jersey to Consider Methods to Reach Goal

ASBURY PARK, N. J., Oct. 29.—The primary subject of the national W. C. T. U. convention which convened here today for a week's session was to devise means to promote national prohibition by a constitutional amendment. Mrs. Lillian N. Stevens of Portland, Me., national president, in discussing the convention topic today said that she had hoped that this goal would be reached as a direct result of any action which could be taken by the present convention, but that a definite plan of campaign would be mapped out, which, pursued persistently by the national organization, would ultimately effect desired amendment of the W. C. T. U.

Among the means being considered to bring before the national congress the importance which the women attach to the prohibition amendment, the most prominent is that of petition. This method will probably be practiced even more extensively and thoroughly than ever. Mrs. Stevens said today that the Webb-Kenyon bill has proved a great aid to the police officers in enforcing the laws against the transportation of liquor.

Because the national convention directly follows the world W. C. T. U. convention at Brooklyn, scores of foreign delegates to the latter meeting were present today. The total attendance of delegates and visitors was expected to be more than ten thousand. The number of voting delegates, figured on a basis of one for each 500 paid-up members, was about 600.

SCHOOL TAXES ARE IN LEAD

Out Over \$1,000,000, Will be \$445,000 for County Purposes

Tax Collector J. C. Lamb is in the midst of tax collecting work. The hundreds of transfers of real estate that have taken place in the county in the last year are reflected in the number of inquiries that have been made concerning properties that have changed hands.

Lamb will collect \$1,904,248.05. Of that amount \$439,456.92 will be for school purposes, \$119,380.88 for bonds and interest, and \$145,410.44 for county purposes.

Many Santa Ana people wonder why their taxes paid in the county are so much larger than they were three or four years ago. The answer is easy. Formerly the Santa Ana school taxes were paid to the city. Now all school taxes are paid to the county. Santa Ana's school rate is \$1.55, while the county's is \$1.05. In other words three fifths of the money paid on Santa Ana property to the county tax collector is for schools.

APPLE SHOW IS PLANNED

Redlands Wants to Show Luscious Fruits of Southern California Annually

REDLANDS, Oct. 29.—An apple show for Southern California, to be held each fall in Redlands, is the plan of the apple growers of this district. The plan being worked out now is for a fall festival of two or three days, consisting of an apple show and also the annual fall flower show of the Redlands Horticultural Association.

A committee from the Chamber of Commerce consisting of G. S. Biggins, Howard Andrews, Crafon Smith, H. H. Ford and J. H. Logie, is now working on the proposition. Redlands is not an apple-growing district, but is in the center of the industry of Southern California and for that reason is held to be the logical place for such a show.

It is planned to bring exhibits from the Yucapa, Oakglen, Beaumont, Banning, Santa Ana, Pinecrest, Victor Valley and Julian districts.

That better apples are being grown here than any place in the state is shown by the fact that at the Watsonville apple show this year Victor Valley apples took all the prizes and last year Oakglen apples took the chief prizes.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" Can't Harm Stomach, Liver and Bowels

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! When his little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. RARE FRUITS FOR BIG SHOW

McDannald Going East to Preach Gospel of Orange County

(By Staff Correspondent.)
ORANGE, Oct. 29.—D. W. McDannald, Orange county representative to the Los Angeles Chamber of Commerce, was in this vicinity yesterday gathering material for a special exhibit of Orange county products at the Chicago Land Show, for which place he will depart a week from today.

He visited the orchards of C. P. Tait, the well known grower of rare fruits, and also the Thompson nursery. The exhibit at the land show is for the purpose of displaying the rare tropical fruits which are grown exclusively in Orange county.

H. F. Gardner was here today for a short visit from Los Angeles, after an absence of two months.

Mr. Gardner is building a new \$10,000 theater in Los Angeles, on his property near the Third street tunnel between Hope and Flower streets. He has already leased the property for a ten year term at \$35,000. Eleven years ago he paid \$1400 for the lot.

The Santiago Association packing house closed temporarily yesterday for repairs. It expects to open about the middle of next month to be ready to handle the holiday orange crop.

PLAY OXY SECONDS HERE NEXT FRIDAY

(By Vern Smith.)

Word was received today from the Occidental College seconds stating that they want to clash with the Santa Ana eleven. The game has been slated for next Friday afternoon at Athletic Park. From the style the Oxy seconds have been showing and the magnificent work Santa Ana has displayed in the last few games, there ought to be something doing in the line of good football when these two teams meet.

Although the Red and White team is showing up well and doing fine work, there is room for improvement. By playing these games with the stronger elevens it will give Coach Ratcliffe a chance to strengthen the weak places in his squad.

Last night's practice showed that Santa Ana is not as strong on the offense as she should be, but by Friday it is hoped that this may be remedied.

The Second Team

If it were not for the second eleven Santa Ana would have a hard time turning out the teams it does. Too much credit cannot be given to the second team players that come out to be hammered by the heavy first

team. McClain of the seconds is showing up for a fine chance to make the first eleven next year. In the practice scrimmages he is right there and does good work in stopping the first team men. Ward and Robinson are both in every mix-up and are developing into good material. Meiges is good at quarter, though as yet he lacks real, genuine quarterback speed. With a little more speed and "pop" he ought to come through all right. The line men are slowly but steadily developing into something like a real line ought to be. They could about hold their own with a team of their weight.

TALKS TO MOTHERS

W. C. T. U. Gives Good Advice on Various Subjects at Meeting Yesterday

One of the most enjoyable meetings of the year for the W. C. T. U. was held yesterday afternoon at the pleasant home of Mrs. E. E. Keech, 201 Washington avenue. The devotional service was led by Mrs. Shields, followed by a vocal solo sweetly sung by Mrs. Jessie Burns, accompanied by Miss Kara Keech.

The subject for the afternoon was "Heart to Heart Talks with Mothers," and a very interesting discussion was held. Mrs. Anna Hill had charge of the program, the first talk being by Miss Elizabeth Wyant, teacher of English in the High School, who gave very helpful suggestions to the mothers in a heart to heart talk, which was greatly appreciated by all present. Mrs. Emily Cox also gave a talk on important subjects in which mothers are vitally interested. Mrs. Hill spoke of several books that were splendid on these subjects, and a discussion followed, but the lateness of the hour made it impossible to continue the program as long as was desired.

The W. C. T. U. desires to have several decorated automobiles to help out in the parade to be held in Anaheim Wednesday evening, the night before the election on the saloon question at that place. Mrs. McElroy, Mrs. Rogers, Mrs. Shields and Mrs. Shaw were appointed to look after the machines and anyone who desires to help out on this matter is requested to notify some of the committee.

A letter from the superintendent of the Purity department was read, requesting the pastors to preach on November 9 on this subject. The superintendent of the department will make the request to the pastors.

Miss Sarah Finley stated that \$116 had been sent from the Sunday schools of Santa Ana to help in the campaign at Anaheim. This was great-

ly appreciated, also the petition that had been signed showing over 1000 names, whose owners wished the saloons voted out of Anaheim. Miss Finley was given a vote of thanks for her faithful work.

The next meeting will be held at the Congregational Church, "Our Foreign Population" being the subject, and it will be in charge of Mrs. A. H. Nickell.

At the close of the meeting Mrs. Keech, assisted by her daughter, Miss Kara Keech, served delicious fruitade and wafers.

Celebrated Tenth Birthday

Ten little girls were the ten blossoms which marked the happy years spent by Miss Marie Gregg, who happily celebrated her natal day last evening with her guests at her home on Spurgeon street. Her mother, Mrs. W. M. Gregg, had lovingly planned the arrangements, while the children were at school, and at 5 o'clock they were served a delicious little supper.

Yellow and brown was the color scheme, carried out with golden chrysanthemums in brown baskets. The favors were tiny baskets filled with chocolate and orange mints and the lovely cake was chocolate-iced and bore ten yellow candles. The ices were moulded in the shape of tiny yellow pumpkins.

After satisfying their appetites, the little maidens repaired to the living room, where shown glass baskets filled with autumn flowers, and played games until the clock struck the hour of nine.

The honoree received a number of pretty gifts from her friends.

The guests included: Frances Baker, Josephine Scott, Alice Wacker, Virginia Metzgar, Margaret Lyon, Beatrice Anderson, Mary Joe Grubb, Roberta Dawes, Miriam Craft, Alberta Cooley.

Parent-Teacher Federation Meets
The City Federation of Parent-Teacher Associations will hold its first meeting of the year Thursday afternoon at 3:30 in the assembly hall of the old high school. The executive committee will meet at 3 o'clock in the principal's office in the same building. Reports will be given by the presidents of the various associations.

Entertained Informally

Mr. and Mrs. Raymond Miles were hosts last evening at a small and informal, but decidedly charming whist party, at their pretty home on South Syracuse street.

Mrs. Miles had chosen a yellow and white color scheme and carried it out with chrysanthemums, artistically arranged in graceful brown baskets.

Five tables were occupied by the whist players, who enjoyed the interesting games, prizes being awarded to Mr. and Mrs. Messier of Anaheim who won first trophies, and Mr. and Mrs. Arnold Peck, who took the consolation gifts.

At the close of the games, a two-course collation was served on the small tables, the decorative plan carrying out the festive atmosphere. There were oyster plates, salads, ice cream frozen in yellow and white, colored cases and confectionery in the shape of yellow mints.

Those who enjoyed Mr. and Mrs. Miles' hospitality were Messrs. and Mesdames Mark Lacy, M. A. Flood, W. L. Deimling, F. C. Rowland, Arnold Peck, Earl Kittle, Nelson, A. C. Kendall of Pasadena, Messier of Anaheim, and Mr. Carl Streck.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

AUTUMN SUGGESTIONS

Miss Dresser and Mr. and Mrs. Rafferty Again Entertain Friends

The second in the series of social functions to be given by Miss Charlotte Dresser and Mr. and Mrs. Fred Rafferty took place last evening at the former's charming home.

Hints of autumn were seen about the spacious rooms, varicolored leaves and golden chrysanthemums, the lovely fall blossoms being used in profusion, against a background of asparagus fern. Baskets with long, slender bodies overflowed with deep red carnations.

Progressive whist was the diversion for the evening, but did not prevent the guests from enjoying jolly conversation, while they manipulated the cards. When the games were concluded, Mrs. J. I. Clark was found to have high score for the ladies and was presented with a handsome silver spoon, and Samuel Nau of Tustin was the lucky gentleman who received a silver collapsible cup, so handy for automobile use. The consolations went to Mrs. W. E. Winslow and James S. Rice of Tustin.

The delicate refreshments were cleverly planned to carry out the autumn scheme, the ices being adorned with the tiny leaves in tints and the small cakes and mints bearing the same design. The guests sat about the small tables to partake of the dainties.

The concluding entertainment will take place tomorrow evening.

Finished "Mary Carey"

Much merriment has been caused among the members of the North Side Sewing Club over the latest book, "Mary Carey," to be read by the "official" reader, Mrs. Oliver Remsburg. The book is full of fun and is by Kate Langley Bosher.

While Mrs. Remsburg amused, busy fingers were engaged with needle-work.

The hostesses for the afternoon were Mrs. E. E. Remsburg and Mrs. G. E. Preble, the meeting being held at the North Main street home of Mrs. Remsburg. A Halloween supper of tamale pie, pickles, doughnuts and other goodies was served. A profusion of chrysanthemums was used for decoration. Twenty ladies enjoyed the meeting.

Big Class Receives Degree

Five automobile loads of Masons went over to Fullerton last evening to confer the degree of Royal and Select Master. The party left here at 6 o'clock, arriving in time for a sumptuous banquet prepared in honor of the visitors.

The degree was conferred upon a large class of fourteen. The party reports a most enjoyable time.

Relieved Pain in Back.

"I was troubled with a very bad pain in my back for some time. I went to a doctor but he did not do me any good, so I purchased a bottle of Sloan's Liniment, and now I am a well woman. I always keep a bottle of Sloan's Liniment in the house."—Miss Marjorie Cotton, 215 Myrtle Ave., Brooklyn, N. Y.

Sciatic Rheumatism.

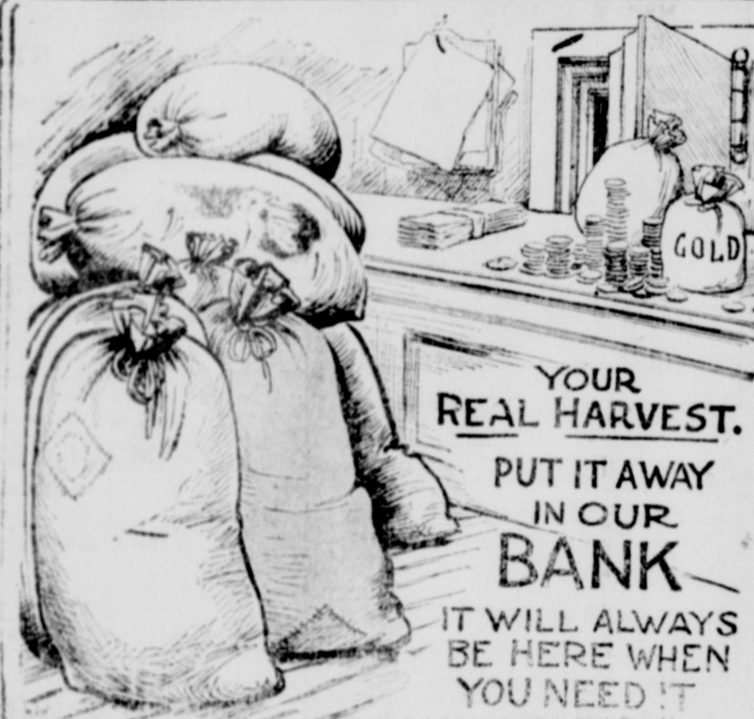

"We have used Sloan's Liniment for over 25 years and found it the best we ever used. When my wife had sciatic rheumatism—the only thing that did her any good was Sloan's Liniment. We cannot praise it highly enough."—Mr. Fergus, 215 Myrtle Ave., Brooklyn, N. Y.

Sprained Ankle Relieved.

"I was ill for a long time with a severely sprained ankle. I got a bottle of Sloan's Liniment and now I am able to be about and can walk a great deal. Crossing Lens Broken—
Other Orange Notes

(By Staff Correspondent.)
ORANGE, Oct. 28.—Agent M. N. Claypool of the Santa Fe is incensed over the actions of unknown parties, probably youngsters, who have been breaking the lens of targets on the crossing signals. Both the La Veta avenue and Palmyra avenue crossing signals have been disabled in this manner, and Mr. Claypool is out for revenge.

Fire Department Makes Merry
With only two members of the department absent, the Orange fire company had a rousing good time last evening with a fish dinner at the fire hall. The affair was planned in Halloween style and was a success in every detail. The evening opened with a fine

Postman—"Well, Anty; pretty soon I'll have to get a pushcart."

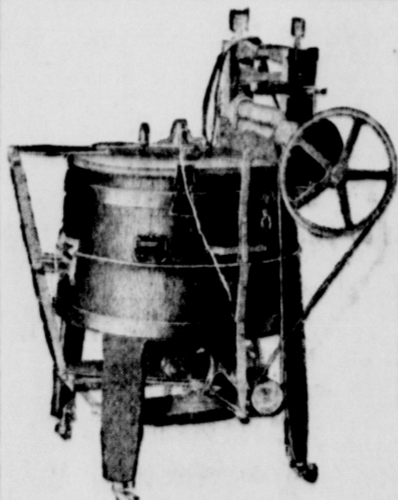

Anty Drudge—"Sakes alive! They're writing to me from everywhere wanting to know how to clean this, that and the other thing with Fels-Naptha Soap. But I answer them every one. Just say: 'Anty Drudge, Philadelphia, Pa.'"

Next to a willing husband, Fels-Naptha Soap is the handiest thing a woman can have about the house. Not only on wash-day is Fels-Naptha useful, but whenever there is anything to be cleaned.

For washing floors, walls, linoleum, fine china and glass or anything else that is washable just use Fels-Naptha Soap, cool or lukewarm water and a soft cloth.

This fruit on fancy pack is selling at \$3.50 and is of very good quality. Some heavy arrivals of Valencia oranges and a decrease in the demand with the coming of cool days has caused them to sell at \$4.50 to \$5. Lemons of the new crop are coming in and they too are around about 50 cents per box all through the list.

There was no change in the egg situation. The San Francisco market has started to soar until today it is up to 56 cents on case count, a record price for this season of the year in Los Angeles the dealers are holding down the price and are grading carefully. Receipts are too small to make any real active business in the commodity. Only 110 cases came in yesterday.

Butter is weak in the north and yesterday bid at No. 1 to 31 1/2 cents for creamery extra. There is considerable speculation as yet on the effect of the New Zealand butter, which will according to latest reports not arrive until toward the last of the first week in November.

BIBLE CONFERENCE CONTINUES WITH INTERESTING SESSIONS

Jewish Speaker, Mark Lev, Rev. Waddell, Dr. Torrey, Gave Principal Addresses Yesterday

The Bible Conference was attended yesterday by a fine audience in the afternoon and crowded to the doors at night. The two great meetings were full of spiritual power. The speakers were "full of power by the Spirit of God," and were evidently carried beyond themselves.

The first speaker of the afternoon session was H. C. Waddell, who took as his theme: "Christian Success Through Secret Prayer." The address was based upon the words in Mat. 6:6: "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." These words reveal the very heart of our Lord's teaching on the subject of prayer. They make known the five secrets of success in the ministry of intercession.

First: Aloneness with God. Prayer is pre-eminently a personal matter between you and God.
Second: Realization of the divine relationship. Only those who have been born again can address God as "Father."
Third: The solitary habit--"Enter into thy closet." We need to get away from all disturbing sounds and

distracting sights, if we would really enter into real fellowship with the Divine Being.

Fourth: Definite speech with God. True prayer is the actual outpouring of the supplicant's heart to God.

Fifth: The absolute certainty--"He shall reward thee." Some things may fail, but this cannot.

The second speaker of the afternoon was Mark Lev of Los Angeles, who thrilled his audience with a heart stirring address on "The Personality of Israel's National Privileges." The speaker began by showing at considerable length from the scriptures themselves that the declaration of Jehovah made to the descendants of Abraham have not received their fulfillment in the church; that Israel is a distinct entity and entirely separate from the Body of Christ. The speaker said that many Christian commentators spoke of the church as "Spiritual Israel," but no such expression is to be found anywhere in the Word of God. Romans 11:25 says: "Blindness in part is happened to Israel," a statement which clearly differentiates Israel from the church. Also see 1 Cor. 10:32. In short, the meaning of the term Israel is the same in the New Testament as in the old.

The restoration of Israel is not to be brought about through the instrumentality of the church--for what, said Mr. Lev, is the church doing for the Jew today? It is only when Jehovah shall return to Israel that the tabernacle of David, which is fallen down, shall be built again.

In the ministry of song Miss Hazel Rowley gave effective service in the afternoon session in the song, "Because His Name is Jesus."

The night session of the conference was, from the standpoint of Christian services, a remarkable meeting. Rev. Mark Lev spoke with great earnestness on his theme: "The Restoration and National Salvation of Israel." In his introduction the statement was made that sixty per cent of the good Christian people deny the restoration of Israel, that the subject was a great puzzle to many and it is so because they do not recognize that Israel is a chosen nation. Rev. Lev quoted Jer. 30:11: Israel has not yet accomplished her

mission, but this mission will yet be accomplished. Israel is the strongest evidence that God is true and that Christ is the Christ of God.

Dr. Torrey's address on "The Holy Spirit Convicting Men of Sin," was one of great power, and produced a deep impression on the minds and hearts of the people. The basis of the address was John 16:7-11. The speaker said:

"When He, the Holy Spirit, comes, He will convict the world of sin, and of righteousness, and of judgment. Of sin because they believe not on me; of righteousness because I go to my Father, and ye see me no more; of judgment because the prince of this world is judged."

"This old world needs to be convicted of sin. Our day has lost the sense of sin because it has lost the sense of a Holy God. Christian workers today are failing because they do not depend on the Holy Spirit to do His work. The Holy Spirit is just as able to bring men to a sense of sin as He ever was. The need of the day is a Gospel that has back bone in it."

"The average person does not regard unbelief as sin. Unbelief is sin, the vilest, most degrading, and damning."

Mr. W. A. Benjamin and Miss MacLaren rendered most effective service in song.

This afternoon Brother Waddell will continue on the subject of prayer, and Rev. J. A. Stevenson will speak on the "Importance of the Whole Church Studying the Bible." Tonight Rev. Arthur W. Pink of Garden Grove and Dr. Torrey will address the meeting.

KILL CATARRH GERM USE BOOTH'S HYOMEL

Try the sure and most effective way to reach the raw, tender, inflamed mucous membrane infested with catarrh germs--breathe Hyomel. All druggists sell it.

You cannot reach the nooks and crevices of the breathing organs with liquid preparations; there is only one way--breathe a few times daily the germ-destroying air of Booth's Hyomel. It acts directly on the inflamed membranes and destroys the catarrh germs.

If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, spasmodic coughing, or any other symptoms of catarrh, use Hyomel at once. It will destroy the disease germs in the nose, throat and lungs, and give quick and permanent relief, or money refunded by the Rowley Drug Co.

The complete outfit including pocket inhaler and bottle of liquid costs \$1.00; extra bottles of liquid if later needed, 50 cents--Advertisement

AMUSEMENTS

If you are a lover of good motion pictures, you will find a rare pleasure in seeing the second series of the "World Travel" pictures that Anna M. Mozart will bring to the Grand Opera House tomorrow (Thursday) night. No description will adequately give you a real ideal of their fascinating charm or of the travelogue selected for the program to be presented this week. Not least among the many places of interest to see on a trip around the world, is Singapore, which is one of the important, as well as interesting, Eastern cities. The Chinese element predominates here, yet it is a perfect island, for there are all sorts of traders, from the Arabs and Malays to the Bengalese. Every Oriental country is represented. The Asiatic quarter in this city will afford the traveler innumerable opportunities to gain much knowledge. The scenery is said to be beautiful and the tropical vegetation luxuriant. An oasis in the Sahara desert, with its well come sight of lakes, streams and cascades will be an unusual sight and of more than passing interest. Views of vineyards and trawler fishing in France will prove pleasing.

"The Shepherd of the Hills" a dramatization of Harold Bell Wright's novel of the same name by Mr. W. G. and Elsie W. Reynolds, is announced for production at the Grand Opera House, Saturday and Sunday nights, Nov. 1 and 2.

Never in the history of publishing of books has a novel attained such a widespread popularity in the short space of four years. It has exceeded by over one hundred thousand copies the sale of the previous biggest seller, "David Harum." In making a play of his story, the author, in collaboration with Mr. Reynolds, has retained the big dramatic possibilities of the book, making the love story of "Young Matt" and "Sammy Lane" his big theme. The play would be interesting even if it only depended upon its excellent character-drawing to entertain, as the characters of the mountaineers of the Ozarks are indeed unusual upon the stage and lend a picturesqueness that is really worth while.
